
	<b>DWQMS Element 3: Commitment and Endorsement</b>	
<b>Procedure #:</b> OP-03	<b>Effective Date:</b> July 11, 2008	<b>Revision Date:</b> March 8, 2018
<b>EIS Division</b>	<b>Lakeshore Water Supply System</b>	

The Town of Lakeshore is committed to ensuring that a drinking-water Quality Management System (QMS) is developed and implemented according to the requirements of the Drinking Water Quality Management Standard (DWQMS). Steps will be taken to ensure that the established QMS complies with all applicable legislation and regulations and that all resources required for the maintenance and continual improvement of the system are identified and provided.

The Operational Plan for the drinking-water QMS is reviewed and approved for the Town of Lakeshore by Top Management and endorsed by the Town of Lakeshore Council. These parties are committed to endorsing the contents of the Operational Plan and demonstrating ongoing dedication to the success of the drinking-water QMS program. The signatories of the Town of Lakeshore further commit to ensuring that the drinking-water QMS is regularly assessed to confirm its continued applicability and relevance.

To promote awareness and understanding of the drinking-water QMS, this written endorsement of the Operational Plan will be communicated to relevant parties according to the Communications Policy.
